Easy- $\mu$  instructions and hundreds of examples help authors, editors, publishers, libraries, and others to form bibliographic references. Bethesda (MD): National Library of Medicine (USA); 2007- cited Mother's Day of the Year]. The ICMJE website also lists the journals that follow the ICMJE Recommendations  $\mu$ . 1978 May 20 [Cited 2017 Mar 21];1(6123):1334-6. Last revision: 8 August 2018 Available from: $\ddot{\wedge}$  The last quotation element above identifies the unique identification number in PubMed (PMID).  $\mu$  Citing Medicine provides assistance to authors in compiling reference lists for their publications, to editors in reviewing these lists, to editors in defining reference  $\mu$  for their authors and publishers, and to libraries and others in the format for quoting bibliographic  $\mu$ . International Editor's Committee M $\ddot{\wedge}$  dicos. From this meeting, the ICMJE published the Uniform Requirements for Manuscripts Submitted to Biomed $\ddot{\wedge}$  cica Magazines (URM) in 1978 to standardize the format and preparation of manuscripts. What does a 1978 meeting have to do with quotations from the NLM $\ddot{\wedge}$ s? Five medical editors and a representative of the National Library of Medicine are not even in Vancouver, Canada.
